

Summary of those who are recommended to have a flu vaccine

- everyone aged 65 years and over
- everyone under 65 years of age who has a medical condition listed on page 4, including children and babies over 6 months of age
- all pregnant women, at any stage of pregnancy
- all 2 and 3 year-old children (provided they were aged 2 or 3 years old on 31 August before flu vaccinations starts in the autumn)
- all children in primary school
- some secondary school-aged children (Years 7 to 11)
- everyone living in a residential or nursing home
- everyone who receives a carer's allowance, or are the main carer for an older or disabled person
- all those living with someone who has lowered immunity due to disease or treatment
- all frontline health and social care workers

For advice and information about flu vaccination, speak to your GP, practice nurse, pharmacist or school immunisation team.

To check if you are eligible go to nhs.uk/flujab.
